

**CLUB  
NEWSLETTER  
OCTOBER 2017**

Hello Member, at long last another newsletter packed full of important stuff. May I also remind you that the current newsletter together with the current calendar and other information is available on demand at our website [www.landsendshootingclub.co.uk](http://www.landsendshootingclub.co.uk).

**EMAILS:** This has become a sore point recently, as can be seen from the flurry of emails that members have received. Despite using modern techniques I still do not fully trust emails to get through but acknowledge that this is progress and is far cheaper than posting the newsletters. However they do suffer from one serious problem and that is, unlike a sheet of paper, if you do not scroll down the email you may miss important information, such as please confirm receipt. Now I realise that there are many reasons why people are not able to reply to emails and most of the time it is not vital. However it is important that I know that you receive some important ones and the only way to do this is to send an acknowledgement. This only requires a few clicks and less than half a minute at most and that was I am sure that the information has been received (but even that cannot guarantee that the recipient actually reads the email). It is also vital that the club is kept up to date with any changes to both your home address and your email address, in fact at this moment there are several members who do not receive emails due to their address not being current. So please, read and scroll through an email and if a confirmation is required try to do it sooner rather than later.

**ATTENDANCE LEVELS:** There are several members who have not made the required number of range attendances so far this year and we are now into the 10th month. The club requires four attendances, two of which may be on one of the mid-week meets, the other two should be a Sunday and should be some part of a competition. If you are one of these members then please try to make up the number as soon as possible, your membership renewal depends on it.

**CLUB FIREARMS :** This is a reminder that if you use any of the club firearms, and are not either a probationer or exempted, you must pay £2.00 for its use. This should be made direct to the treasurer or, if not available, to a range officer who will make the appropriate entry in the range log. Please do not make someone ask for it but ensure that you make the payment.

**IMPORTANT CHANGE - 19th November.** Novelty Western shoot for handgun and lever action rifle, there may be food available, probably a Chilli (to be confirmed). Funfair style, all single stages, do as much or as little as you wish. (Possible novelty prizes)

**38/357 TAURUS LONG BARREL REVOLVERS**

Helston gunsmiths currently have some of these in stock for the excellent price of £575, but you had better hurry if you want one as at that price they are a snip.

**RANGE APPEARANCE:** There is an ever increasing amount of waste and general rubbish appearing on the range, the club house has much of it together with bits and pieces of discarded packaging, clothes, food items, drinks bottles etc. This is to remind all members that the club is not a refuse disposal outlet,

***IF YOU BRING IT TAKE IT HOME AND  
DISPOSE OF IT!!!!***

The range, particularly the clubhouse and garage store is also looking very untidy, please try to replace equipment where it came from and stack things away tidily, we are all there to shoot. not housekeep.

**FREE FIREWOOD:** There are a lot of old timber blocks and pieces in the store to the side of the clubhouse and over by the container. If members wish to take some for firewood then please ask the range officer and they will direct you as to what is available.

**Stainless RUGER 10/22 with synthetic black stock £260**

Excellent condition, one 25 round magazine and one 10 round. - Club Sale - speak to the Secretary for details or to test it out.

Well that is all for now, have fun and enjoy safe shooting at LESC. Please always remember to check the notice boards at the range .

*The Secretary*
